

Contractor Circle

Membership benefits for installers

Contractor Circle is energySMART's exclusive trade ally network, connecting customers to contractors and contractors to suppliers.

A Contractor Circle installing member installs products or provides services that qualify for a rebate from energySMART. Current Contractor Circle installing members include HVAC installation and maintenance companies, air sealing and insulation companies, mechanical contractors, home builders and more.

As a Contractor Circle installing member, you can take advantage of many exclusive offers through energySMART, a Nicor Gas program. Benefits of membership include:

Competitive edge

Instant discounts. You can offer instant discounts to your customers: simply deduct the rebate amount from the final invoice so that the customer instantly receives the discount, and then you'll receive the full rebate directly from energySMART.

Find a Contractor. Only Contractor Circle installing members are listed in our Find a Contractor tool. This is a great way to generate new leads, and it's a free perk of membership.

Energy Efficiency Loans. As an approved contractor, you can offer Energy Efficiency Loans to your residential, business and multifamily customers. These loans are a convenient way for customers to finance qualified energy-efficient improvements, with installments added right to their monthly Nicor Gas bills.

Advance communications and training opportunities. You'll be the first to find out about our program updates, special offers and exclusive training opportunities.

Marketing and cobranding

Free professional marketing materials. Order free, professionally printed marketing materials and have them shipped right to your door – even customize materials with your company information, company logo and/or Contractor Circle installing member logo.

Use the Contractor Circle installing member logo. You can use the Contractor Circle installing member logo on your company's website and other marketing material.

Building your network

Supplier directory. Installing members can search our supplier directory for participating supplier members. Some suppliers have exclusive offers just for installing members.
